PART-TIME CUSTODIAN

[WOSC.EDU/JOBS](http://WOSC.EDU/JOBS)

## Become a Western Ambassador

The Western Oklahoma State College student Ambassador program is currently accepting applications for the 2018-2019 school year.

The Ambassador program was established in 2001 and is under the official sponsorship of Western's President, Dr. Birdine. Their mission is to promote the college through a variety of speaking engagements and special events. Western Ambassadors personally benefit by gaining leadership and public speaking training and experiences.

Selected students will be awarded a 12 hour tuition waiver as well as a \$250 scholarship per semester, which can be used for any college expense: tuition, books, dorm, etc.

Selected students will also be provided with the official Western Ambassador polo shirt, Western t-shirt, and nametag.

The ideal Ambassador makes good grades, is involved in several organizations and/or extracurricular activities, is personable and outgoing, and takes pride in his/her appearance.

Special consideration will be given to students

who live in Altus because living near campus is ideal. It is the best way to stay involved with campus activities.

Applications for the program are due March 14 and can be found online at [wosc.edu/ambassadors](http://wosc.edu/ambassadors). For more information contact Maegan Martin at 580-477-7875 or [maegan.martin@wosc.edu](mailto:maegan.martin@wosc.edu)

## We Are Western: Sa'Vana Denton

If you follow Western Oklahoma State College on Facebook, Instagram or Twitter, you may have noticed a new campaign called We Are Western.

This campaign is designed to highlight individuals in the Western community who make our campus so unique. This was developed in an effort to share unique stories and perspectives about Western.

This week's spotlight highlights Western's assistant director of financial aid, Sa'Vana Denton.

Sa'Vana Denton was born and raised in northwest Oklahoma in the small town of Vici. Sa'Vana has been working for Western for four and a half years now, starting in the Admissions Office, and eventually moving to the Financial Aid Office. She is a graduate of Southwestern Oklahoma State University with a Bachelors' in Business Administration.

"If I would have known about Western when I was choosing colleges, it would have definitely made a difference in my life. I think it's such a great place for students to start," Denton said.

Without any ties to southwest Oklahoma, other

than her husband, Denton knew something was missing.

"Before I ever thought about moving here, I remember thinking, 'If I'm going to work anywhere in Altus, it would have to be at Western Oklahoma State College.' I can't explain it, but I've always wanted to work here," Denton said.

Denton says there is a list of people here at Western who have influenced her.

"I can't pick any one person. From the people at the Admissions Office to my coworkers here in Financial Aid, I have been blessed to know everyone here," she said.

When asked what she loves about Western, Denton said that the family aspect of Western has definitely made a difference in her life.

"The fact that you'll have your discouraging days where everything is going wrong, and then you have students come back and tell you thank you for what you did for them, and have students who have moved on to four-year universities call me and ask for help on their FAFSA and having that relationship is just irreplaceable."
