

## We Are Western: Whitney Graham

Whitney Graham is an Altus native, and when her and her husband moved back to southwest Oklahoma, she was thrilled to have the opportunity to work at Western as the Development and Alumni Specialist.

"I love the people I work with," Whitney said. "Everyone is so easy to talk to and helpful. I think the atmosphere is what makes Western such a great place for our students."

Whitney said she is thankful for all Western has allowed her to do. She said her job continually challenges her and gives her the chance to step outside of her comfort zone.

"Working at Western has allowed me to come

back home," she said. "It has been a gift to work in the community I grew up in."

## Decker Named Western Lifetime Alumni Member

Garrett Decker is Western Oklahoma State College's newest Lifetime Alumni member. Garrett graduated from Western in 2012 with an associate's degree in agriculture sciences. He went on to Southwestern Oklahoma State University, received a bachelor's degree in business administration, and is currently pursuing a master's degree in school counseling.

Western is an important part of Garrett's life. He is a first-generation college student, and both he and his siblings graduated from

Western. Garrett is currently working as a college liaison at Western for the Oklahoma GEAR UP program. This program helps middle and high school students, along with their parents, prepare for college.

"I have learned so much while working at Western," Garrett said. "I have found my passion for working in higher education. My favorite thing about the college is the family atmosphere and working with people who are like-minded in wanting to see students succeed".

When asked why he wanted to become a Lifetime Member, Garrett said, "To show my support for this awesome institution. I encourage others to become Lifetime Members so the Western Alumni Association can continue to provide needed services to Western's students."
