WESTERN OKLAHOMA STATE COLLEGE
DEPARTMENT OF NURSING EDUCATION

2015 APPLICATION PACKET
Dear Student:

Thank you for your interest in the Associate Degree Nursing Program at Western Oklahoma State College. It is highly recommended that you review our nursing website at http://wosc.edu/nursing for more information and frequently asked questions about our nursing program (e.g. costs, pre-requisites, admission scoring, etc.) You may also call the nursing department directly at (580) 477-7830 for further information not found on our website.

The Nursing Department at Western Oklahoma State College is looking forward to selecting another successful nursing class to begin the fall 2015 semester. We are excited about the entrance of this class. We currently have campuses at Altus, Elk City and Lawton. Classes are taught via ITV with instructors in the classrooms at each campus, and clinical experiences are conducted in area health care facilities.

Applicants will need to indicate on the application which campus they prefer to attend. Students willing to travel to campus sites other than the one located in their area will need to indicate their choice by priority (e.g. 1\textsuperscript{st}, 2\textsuperscript{nd}, 3\textsuperscript{rd}).

Applications for the Nursing Program \textbf{MUST} be turned in to the Nursing office(s) at any of our three (3) locations by Monday, March 2, 2015. All mailed applications must be sent to the Altus Campus (see address below) and must be post-marked by 5:00p.m. on Monday, March 2, 2015. \textit{Note: Any applicant whose application and/or required materials (transcript(s)) have not been received or post-marked by Monday, March 2, 2015 will be excluded from the admission selection process.}

Please review the following curriculum pre-requisites (page 3) and other general education courses listed on the Curriculum Plan (page 10) of the application packet. Student selection is based on a point-system. This system includes points given for pre-nursing test scores, cumulative GPA, and completion of required general education courses as well as the grades received in those courses. Please note that an increased point value is given for completion of science courses as well as the grades received in those courses. Pre-requisite courses may be taken during the summer of 2015, as long as these courses are completed and grades are turned in to the Nursing Department before the fall 2015 classes begin. LPN students must complete the pre-requisite courses prior to starting the summer LPN to RN Transition Course. \textit{Classes taken during or after the application deadline will NOT be included/counted for points in the application process.}

I look forward to working with you as you begin your journey in nursing education. Please let us know if we can provide you with any assistance as you proceed with your plans to enter the nursing program.

Sincerely,

Kristy Greer

Kristy Greer, RN, MS, CNE

INTERNATIONAL STUDENTS
Applicants classified as international students using an F-1 Student Visa may attend the Nursing Program at one of WOSC’s campuses. However, all initial processing and paperwork must be completed with the Office of the Registrar at the Altus Campus. Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. For more information regarding this matter, applicants may contact the Oklahoma Board of Nursing.
ESL – ENGLISH AS SECOND LANGUAGE

Students for whom English is a second language shall be required to present evidence of proficiency in the English language prior to admission.

Per the 2014-2015 WOSC College Catalog, page 14 & 15:

“Students seeking enrollment in a state system college or university must meet the admission standards in the admission policy, the retention policy, and the policy on admission of transfer students, and must present evidence of proficiency in the English language prior to admission, either as first-time students to the state system or by transfer from another non-system college or university.

This policy is adopted to ensure that students will have a reasonable chance to succeed at a higher education institution based on their ability to comprehend, read, and write the English language.”

HIGH SCHOOL & COLLEGE TRANSCRIPTS

An official copy of high school/GED transcript and college transcripts for EACH college attended must be submitted along with the nursing application (unofficial transcript from WOSC will be accepted). Combined college transcripts WILL NOT be accepted. A cumulative GPA of 2.0 on a 4.0 scale is required. Applicants with a cumulative GPA of less than 2.0 are considered ineligible and will be excluded from the admissions selection process. Applications submitted without ALL transcripts will be considered incomplete and will be excluded from the admissions selection process.

LPN students must also submit a copy of their LPN program transcript or Certificate of Completion, a copy of their current/active LPN license, and a reference letter from their current immediate supervisor.

HESI EXAM REQUIREMENT

All students are required to take the HESI Exit Exam during both their NURS 2219 and NURS 2229 semesters. All students will take the test a total of three scheduled times, as indicated in the syllabus, and the initial cost is included in the course fees. WOSC encourages a score of 850 on the HESI Exit Exam. If a score of less than 850 is obtained, a remediation plan must be developed. This must be a written plan that is discussed with the classroom instructor.

DRUG SCREEN

Applicants accepted into the nursing program will undergo annual drug screening prior to entry into classes. Positive drug screens will be reported to licensing governing bodies if applicable and clinical agencies. Students with positive drug screens, not cleared by a Medical Review Officer, will not be able to complete the clinical component of the nursing program and therefore be required to withdraw from the nursing program.
AFFIRMATIVE ACTION COMPLIANCE STATEMENT

Western Oklahoma State College, in compliance with Title VI and Title VII of the Civil Rights Acts of 1964, Title IX of the Education Amendments of 1972, Section 503 of the Rehabilitation Act of 1973 Section 402 of the Readjustment Assistance Act of 1974, and other federal laws and regulations, does not discriminate on the basis of race, color, national origin, sex, age, religion, handicap, or status as veteran in any of its policies, practices or procedures. This includes, but is not limited to admissions employment, financial aid, and educational services.

STATEMENT CONCERNING THE AMERICAN WITH DISABILITIES ACT

According to the ADA (Americans with Disabilities Act), each student with a disability is responsible for notifying the College of his/her disability and requesting accommodations. If you think you have a qualified disability and need classroom accommodations, contact the Counseling Office (C-1E). To receive services, you must submit appropriate documentation and complete an intake process during which the existence of a qualified disability is verified and reasonable accommodations are identified. Please call (580) 477-7710, or email april.dill@wosc.edu for more information.

Please advise the instructor of your disability as soon as possible to ensure timely implementation of appropriate accommodations. The faculties have an obligation to respond when they receive official notice of a disability from the Counseling Office but are under no obligation to provide retroactive accommodations.

CRIMINAL BACKGROUND INFORMATION

All students (General, LPN and Transfer Students) will be required to complete a criminal background check annually. The completion of the criminal background checks will be performed on those students who are accepted into the program. The background checks will be handled by a private company in which the WOSC Nursing Department has a contract. Students WILL NOT be required to complete separate FBI or OSBI background checks. The contracted company which is utilized will be solely responsible for all criminal background checks required by the clinical facilities.

Applicants admitted to the nursing program should be aware that a felony conviction, arrest, pending charges, judicially declared incompetence, or disciplinary action might affect eligibility for registered nurse licensure. Various clinical agencies also have restrictions regarding individuals with a criminal record. Criminal background information is reviewed and decisions are made based on the clinical agency’s policies and guidelines. The failure of a clinical facility to accept a student based on their criminal background will result in the student’s inability to complete the clinical portion of the program. Because the student will be unable to participate in clinical rotations, the student will be withdrawn from the nursing program.
LICENSURE

The Western Oklahoma State College Department of Nursing Education is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply for the National Council Licensure Examination (NCLEX) for registered nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program, requirements include submission of an application for licensure with a criminal history records search and successfully passing the licensure examination. [59 O.S. §567.5 & 567.6]. To be granted a license, an applicant must have the legal right to reside in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:

1. A valid, unexpired immigrant or nonimmigrant visa status for admission into the United States;
2. A pending or approved application for asylum in the United States;
3. Admission into the United states in refugee status;
4. A pending or approved application for temporary protected status in the United States;
5. Approved deferred action status; or
6. A pending application for adjustment of status to legal permanent resident status or conditional resident status.

The Board has the right to deny a license to an individual with a history of criminal back-ground, disciplinary action on another health-related license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made, with the exception of felony charges. An individual with a felony conviction or who had sentencing terms imposed by the court related to a deferred sentence for a felony offense cannot apply for licensure for at least five years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received [59 O.S. §567.5 & 567.6].

I understand that the Nursing Program of Western Oklahoma State College admits a limited number of students due to available resources and/or faculty; although I may meet or exceed the minimum requirements for admission, circumstances may prevent the Nursing Program from admitting all students who have met the admission criteria. I also understand that I may be offered a campus other than my preferred campus site based upon my admission scores.

I certify that the information in this application is complete to the best of my knowledge.

All information in this application is confidential and will be used by the nursing admission committee and the Director of Nursing ONLY.

I understand that submission of false information is grounds for denial of admission to or dismissal from the Western Oklahoma State College Nursing Program. I also understand that if my application packet is not complete and/or does not include certified copies of transcripts from ALL college(s) I’ve attended, I will not be considered for admission into the program.

Please be aware that due to current economic crises and/or budget shortfalls, there is the possibility of an off-site campus closing. If a campus closing does occur, applicants will be notified and may be relocated to another campus.
