An outline and bibliography (plan page) will be required with the last three speeches. Each plan page will be worth 15 points. There are sample plan pages available on the Moodle course site. Once you submit your plan page be sure and check back in a day or so to see my comments and critiques. Do not just submit it and assume it is okay.

A timeline for the course as well as assignment due dates will be posted within the course once you log in.

Speeches must be placed in a package and mailed, dropped off at my office or posted to YouTube by the required due date.

Each speech must be submitted via videotape (VHS tape, CD Rom or DVD) or uploaded to YouTube. When you video a speech you must have at least four adults in your audience. Ten points will be taken off for each person less than four. The recording device should be placed in the back of the room so the speaker as well as all audience members may be seen clearly. Any hints of editing or altering these filming sessions will result in a grade of zero for that speech. This is a "Public Speaking" course. Therefore, these speeches must be presented to an audience of no less than four people. When you have completed a group of speaking assignments you have the following options:

1) If you live in Altus you may drop the tape by my office (Office of Student Support Services).
2) If you do not live in Altus you may mail your tape to
