

## Students Win Food Drive Competition

Left to Right: WOSC students: Gabby Kille, Chloe Williams, Claire Rose, and Former Pioneer and SW Community Action Group employee, Debra Lee

Thank you to all who participated in the food drive and your generosity helping others! The Community Cupboard is designed to provide food for individuals and families in need. In association with local organizations, the Community Cupboard works to bring in donations of food, perishable items, and monetary donations to stock the Cupboard. For more information for donations, call 580-482-5040. Pioneers Claire Rose, Gabby Kille, and Chloe Williams helped former Pioneer and SW Community Action Group employee, Debra Lee load the donations to be taken to the Community Cupboard.

This year for Harvest for the Hungry, the Western Navigator leadership team decided to have a food drive competition to help fill Southwest Oklahoma Community Action Group's Community Cupboard, and challenge the faculty and staff to a challenge... Students vs. Faculty and Staff.

The students worked together to defeat the staff and faculty! Together both groups donated 25 cases of food and 5 cases of water! Students: 993 items | Faculty/staff: 517 items

LET'S GO PIONEERS!!
