

PIONEER PEEK

Dr. David Goodman

Physical Science and Physics Faculty

MOST MEMORABLE MOMENT IN YOUR CAREER

I created a project-based unit covering heat and thermodynamics. My students designed clean cookstoves for a developing nation of their choice. We held a public "gallery walk" for the students to show their projects and explain the physics principles and humanitarian benefits to the community. My students were confident, knowledgeable, and proud of applying physics to a real-world project. I will never forget it!

EDUCATION

B.S., Dallas Baptist University; M.Ed., Midwestern State University, Ph.D. Texas Tech University

WHAT DO YOU ENJOY ABOUT YOUR POSITION AT WOSC?

I enjoy the kind and collegial atmosphere. Everyone is on the same team and you can feel it when you walk through the door. I enjoy teaching my students. Being around young people headed for success keeps me on my toes and inspires me to pursue excellence.
