

WOSC Scholarships Available

It's no secret that finding a way to pay for college is one of the most stressful challenges prospective students and their families face. Though Western has one of the lowest tuition rates in the state, the cost of books, fees, supplies and tuition combined can seem daunting.

The Oklahoma State Regents for Higher Education's website, okcollegestart.org, says "College is an investment in your future, and many options exist for financing that investment. The first step is

to understand these options and make the best decisions based on your family's situation."

Western is dedicated to helping prospective students and their families explore and take advantage of a myriad of options.

One way Western can help students afford college is through tuition waivers and scholarships. Annually, Western awards about \$320,000 in tuition waivers to more than 200 students and nearly \$275,000 in scholarships awarded through

the WOSC Foundation, Inc. to over 80 students. Students may earn scholarships through programs like the Ambassador and Navigator student leadership groups, the Agriculture department, the Music Department, athletics, the WOSC Foundation, Inc., and academic excellence. To apply for a scholarship at Western, visit www.wosc.edu/scholarships and fill out the online application. Applications are due March 1.
