National Student Loan Data System

The National Student Loan Data System (NSLDS) is the U.S. Department of Education's (ED's) central database for student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program, and other Department of ED programs. NSLDS Student Access provides a centralized, integrated view of Title IV loans and grants so that recipients of Title IV Aid can access and inquire about their Title IV loans and/or grant data. Western will submit information for any student who enters into agreement for a Direct Loan to NSLDS and that information will then be available to authorized persons. Enrollment information is also submitted to NSLDS on a regular basis. Please use the link to NSLDS to review your own information at any time.
